

Restore Cream

Restore your hands to prevent skin dryness

After-work Restore Cream

WHEN TO USE:

- At the end of each working day
- After washing hands prior to long breaks

**USE
AFTER WORK
TO AVOID
DRY SKIN**

HOW:

1

Apply a single shot to the back of your hands

2

Rub backs of hands with fingers interlaced

3

Rub backs of fingers with opposite palms with fingers interlocked

4

Ensure all of the hands are covered

To keep your skin in good condition remember to apply moisturising cream
